

pensionsWEB

A tailored web solution for your scheme members

A **bespoke** pension scheme website, **personalised** member access – the complete **tailor-made** package.

GETTING THE MEASURE OF THE INTERNET

The internet has become an integral part of our lives, with over 16 million UK households now having internet access. Your member's expectations are growing and they want to be able to access and share up-to-date information securely, at any time. This makes a great website a must to help your members to engage with their scheme.

TAILORED TO SUIT YOU

We are the market leader for providing pension services to local authorities, currently partnering with over 50 LGPS funds. And so, we have grown the largest and most specialised team in the market, including former pension managers, each with over 20 years experience of working with the LGPS. This wealth of expertise and knowledge is combined with your specific requirements by our specialist communications and eBusiness teams, each with many years of experience in delivering highly effective websites.

This means you can trust us to deliver a highly effective, integrated site that reflects best practice in communication, design and usability whilst adhering to all relevant standards, including accessibility. We will ensure you enhance the relationship between the scheme and the scheme member.

pensionsWEB offers the complete package of secure communications for you:

- ◆ Core scheme website covering standard information on your scheme, designed to stand alone or integrate with your existing websites
- ◆ Secure integration with your pension administration system
- ◆ Compatibility with all public sector standards, including accessibility and eGIF
- ◆ Hosting by Hymans Robertson, providing peace of mind, confidence in the security of data held, and cost effectiveness as well as regular usage statistics reporting
- ◆ Ongoing content updates by our team of experts, ensuring your site stays up to date and reflects changes in the LGPS world or following changes to scheme rules

If you want more information on our pensionsWEB product, then please contact your normal consultant to arrange a fitting or T 0207 082 6121 E enquiries@hymans.co.uk

Access to tailored information for your members:

- ◆ Combining communication on the LGPS with member access to personalised information and moving towards supporting their understanding and helping them make informed decisions
- ◆ Specific modules supporting active members, deferred members and pensioners allowing them to view and update personal information, access payslips and benefits statements and use modelling tools
- ◆ Access to modules and data transfers from your pensions administration system secured using latest authentication and encryption technologies, audited by National Computer Centre.

And tailored information for your employers:

- ◆ Our employer access module provides employer secure access to member specific information
- ◆ This module also allows file sharing pertinent to the scheme between you and your employers through a secure portal

YOUR BESPOKE WEBSITE

pensionsWEB is an award winning product, that we can build to your specific needs, allowing you to provide comprehensive online information to members about their pension scheme. This will encourage communication and engagement with your members. It is a flexible solution, built around your needs and budget and is also simple to use and easy to navigate around. The beauty of pensionsWEB is its longevity as it evolves to meet your needs. Like any good garment, quality lasts.

Real people. Real skills. Real results.
